December 26, 1963

Dr. Cyril S. Kimball
Executive Vice President
Foster D. Snell, Inc.
29 West 15th Street
New York 11, New York

Dear Dr. Kimball:

Confirming our telephone conversation, I am forwarding you three samples of Parliament cigarettes coded 1742, 1751, and 1753 for tar analysis. Each sample is comprised of thirty cigarettes which have been weight selected to ± 20 mg of the average weight. Please destroy the unused cigarettes.

It is my understanding that you will make the analyses in triplicate using the standard Foster D. Snell procedure (the identical procedure used for Reader's Digest). The analyses will cost $100.00 per sample or a total of $300.00. We can expect an official report of your analyses as soon as possible but no later than the week of January 6, 1963.

Please call me if I have misunderstood our verbal agreement or if you have any additional questions regarding these samples.

Sincerely,

Frank E. Resnik

Frank E. Resnik, Manager
Analytical Services Division
